

English in Mathematics

Topic 1: Points to Note when Teaching Cross-Year-Level Mathematics Concepts

The present online seminar will examine certain across-year-level concepts in the 3 learning areas of 'Inclusion Relation between 2-D Shapes', 'Times as much as' and 'Capacity/Volume', and proposes some points to note when teaching these concepts.

Topic 2: Introducing New Resources

Introduce the latest resources which can reduce the workload of teachers in preparing lessons and teaching materials.

Speaker:

Dr Martin Leung Kung Sing

- Academic Consultant, Modern Educational Research Society
- Former Curriculum Development Officer (Curriculum Resources / Education Television), EDB
